

# FACADE GARAGE DOOR

*Perfectly Tailored to Your Architecture*

# FACADE GARAGE DOOR

flush with the facade / installation behind an opening

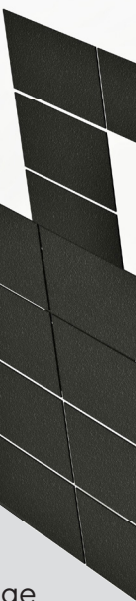

**Discover the beauty combined with advanced technology in the new KRISPOL facade garage door.** Utilizing the latest technological solutions, we have created a garage door that is not only functional but also aesthetically integrated with the facade.

The invisible, flush with the facade or mounted behind the opening, our facade garage door is a solution that allows you to maintain the coherence and harmony of your building's design.

6.

1. Facade fastening of vertical angles 325/95
2. Cover of the vertical angle of the facade garage door
3. Mounting base for the vertical angle

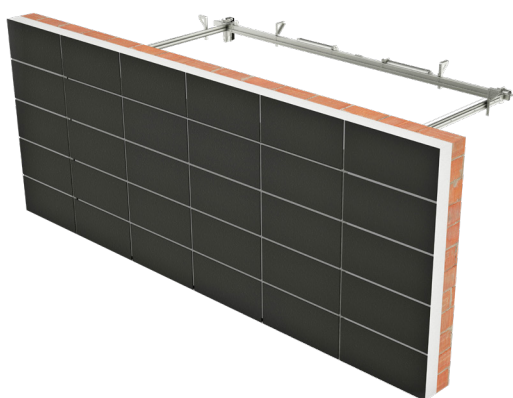

4. Cover of the lintel strip of the facade garage door
5. Facade fastening of lintel strip 325/240
6. Garage door cladding

The construction of the KRISPOL facade gate is based on the proven and reliable mechanism of KRISPOL industrial doors. This innovative technological solution makes the facade gate a kind of hybrid between a garage door and an industrial door, capable of supporting a heavier facade cladding weight, ensuring safety and durability for many years.

The innovative system of fastenings and other structural elements, along with the industrial drive of the KRISPOL facade gate adapted to a greater load, provide durability and stability to the entire structure.

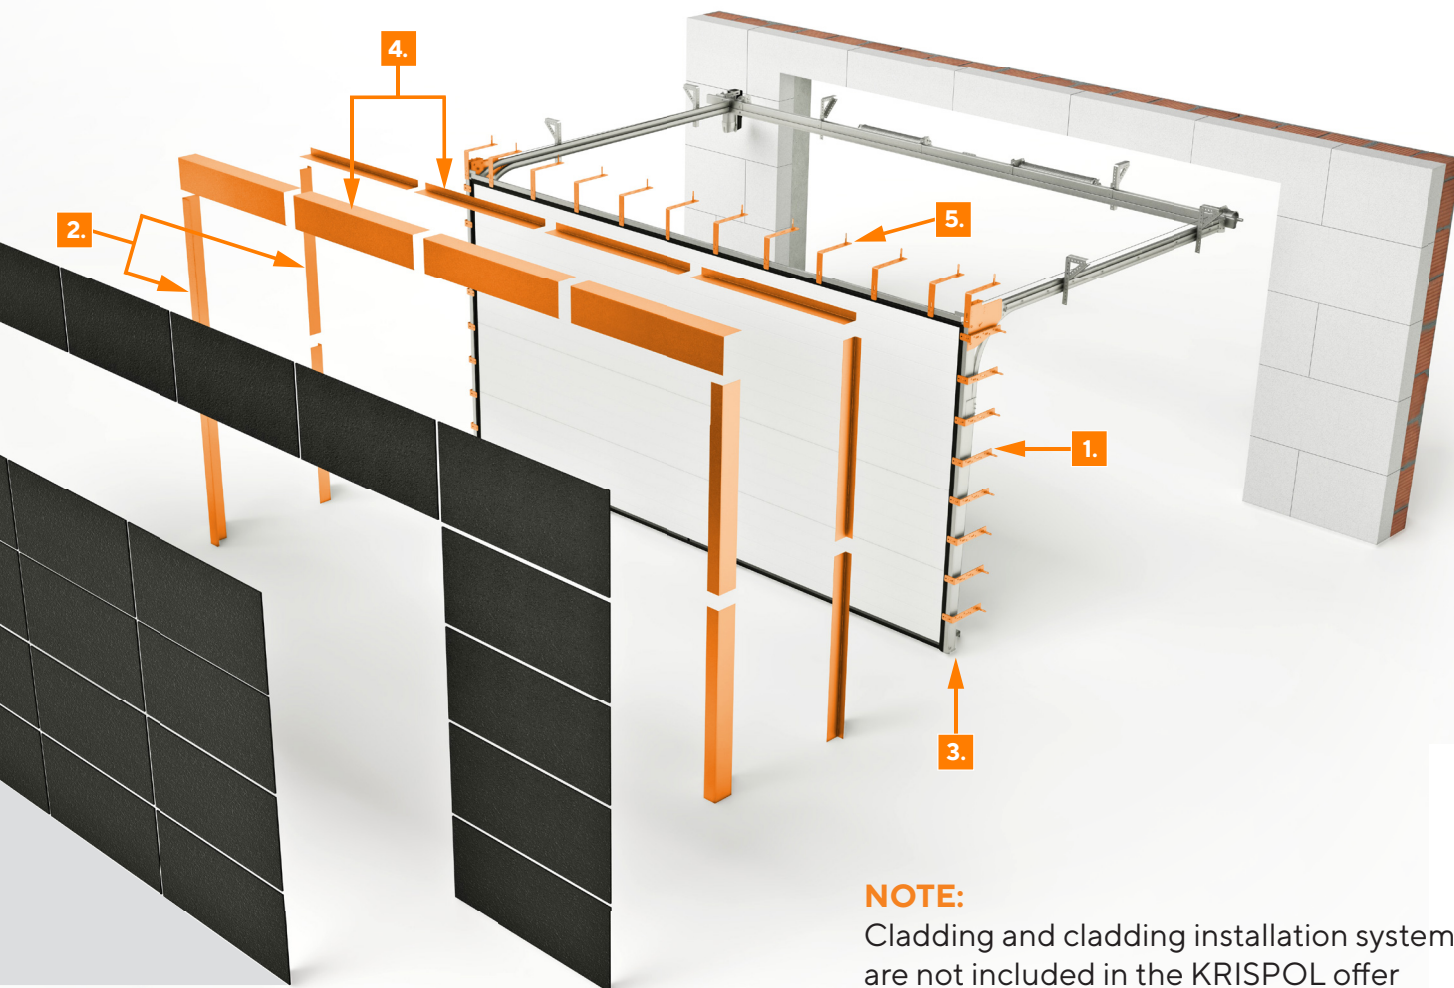

### FLUSH WITH THE FACADE

### INSTALLATION BEHIND AN OPENING

By purchasing a KRISPOL facade gate, **you will receive a solid construction with tailored automation.** Your task will only be to choose and purchase additional facade cladding and a mounting set.

**NOTE:**  
Cladding and cladding installation system are not included in the KRISPOL offer

The **KRISPOL facade garage door** is not just about modern design, but above all, advanced technology. We utilize the latest solutions to ensure your comfort, security, and ease of installation.

By choosing a KRISPOL facade garage door, you gain not only reliability but also the unique opportunity to create a harmonious and cohesive vision of your space. Tailor your door to the architecture of the building and highlight its character with KRISPOL – a leader in innovation and design in the garage door industry.
